RE: Yavapai County Criminal Justice Center (YCCJC)
Follow-up to October 16, 2020 Yavapai County letter to Director Malone

Dear Director Malone:

As a follow-up to my letter this morning (October 16, 2020), please find attached a copy of *Limited Groundwater Sampling and Analysis* from Speedie and Associates.

The attached report details the results of the testing Speedie and Associates performed on the abandoned wells at the Yavapai County Justice Center site. The report indicates that "no concentrations of VOCs, PAHs or Metals were detected above the laboratory Method Reporting Limits (MRLs)," and opines that "no additional investigation into groundwater conditions at the site is warranted at this time."

Please make this letter and report part of your records in this matter.

Thank you again for your work in this matter, and please contact me if you have any questions.

To reach County Offices toll-free from the following areas, call:
